7 AUG 1968

MEMORANDUM FOR: Deputy Director of Special Activities

SUBJECT : Disposition of Assets

25X

25X1
1. Confirming conversations between and yourself, representatives of this Office visited on 23 and 24 July to screen the various support and recreational facilities for possible use on the Program. As a result of this visit, we have identified certain equipments and buildings which could be utilized on our program at substantial cost savings.

25X

25X1

2. The following list of items represents an initial screening of these assets which, if made available to the Program, could effect material savings in our construction and operating budgets for the next several years. All of the items listed below have been discussed with the and subject to your approval can be provided between now and December 1968.

25X

a. Mercury vapor lights and associated wiring for tennis and basketball courts.

b. Athletic equipment - Golf clubs, balls, driving range and golf course maintenance equipment, baseball equipment, archery equipment, et cetera.

c. Stereo tape reproducing equipment for Hobby Shop.

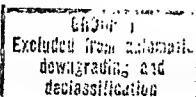

d. Lapidary Shop equipment and supplies.

e. Shuffle boards.

f. Reading library.

1

SUBJECT: Disposition of [redacted] Assets

g. Automotive Hobby Shop equipment.

h. Kitchen equipment - Charcoal broiler, doughnut machine, ice cream maker and chest, malted milk blender, popcorn machine, soda fountain, et cetera.

i. Electronic equipment - Closed circuit TV system (2), test equipment (already identified to [redacted])

25X

j. (3) Bowling alley equipment including pin setters, lanes, balls, and related equipment.

25X1

k. [redacted] - Numbers 207, 196, 208, 218, 214,
and bowling alley section of F91.

25X1

3. As mentioned, the above constitutes only an initial screening. We have asked the [redacted] to keep us advised of other items which are surplus and which, in his opinion, could be of use to our program.

25X1

4. With respect to the buildings listed under k above and the need for their dismantling, marking, packing, and shipment to [redacted]

25X

25X1

[redacted] advised that most of this could be accomplished on a non-priority basis by his normal maintenance crew which must remain on station in support of [redacted] program until December 1968.

25X1

By effective scheduling of these people, the dismantling work could be accomplished at no or, at best, very little increase in support costs to [redacted]

25X1

discussed this matter with [redacted] in light of your reference to Scope Cotton decisions, and he agreed that, if overall savings to the NRP were effected by use of these buildings, this could and should be accomplished under the OXCART Program. He also indicated that first order transportation costs, i.e., [redacted] would be covered under OXCART funding.

25X1

5. In view of the foregoing, [redacted] OSP Construction Engineer, has been in contact with [redacted] OSA, who has made arrangements with [redacted] personnel to survey the appropriate buildings and work out procedures for

dismantling and easy erection at the [] No
costs are to be incurred at this time or any dismantling to be
accomplished until approval is granted by OSA. However, we anticipate
[] may incur some cost in minor A&E work downstream.

25X

25X1 In this regard, OSP is prepared to transfer funds to OSA for these
efforts.

25X1 6. Since the above efforts will entail close coordination
between OSA, OSP, and [] personnel, it is suggested that a
meeting of appropriate persons be scheduled at an early date to work
out details and responsibilities for the above actions.
